Success Case: Saving Time can Save everything

Background: Man Kumari B.K., a 50 years old woman who is also a ward member of Mahabharat RM ward No. 6, lives with her family at Banakhu Salleni, Mahabharat RM ward No. 6, Kavre. She is mostly engaged in household works along with her occupation, agriculture. Her main problem in case of livelihood was she had to travel a long distance more than 30 minutes to fetch water. She also complained that because of insufficient water, she used to have problem in cleanliness of house.

Actions taken/ Intervention: A tap stand post near her house was constructed under Banakhu Salleni WSS.

Results/ Outcome: Now after the completion of scheme, she can get enough water from the tap just in front of her house. She is very happy now because she can save lots of time and she can now engage herself in other useful and profitable activities. This activities has also promoted cleanliness in her house as now she gets sufficient water. She is also excited seeing a child friendly tap in the tap stand post.

Man Kumari B.K. is just a representative of whole Banakhu Salleni WSS. Now, people can save their time and energy which will directly affect quality of life of the whole community.
